

Sustainable Environmental Education Presents

West Coast White House Traveling Vegetable Garden

Huge 20'x20' booth (#5131) located in building 5 with theme of "Going Green - Making a World of Difference" featuring: Interactive Giant Chess Set, Vegetable Garden, "Green" Patio, Sustainable Paving System, Prominent Signage, Product Showcase, Give-a-Ways, and Staffed to Answer Attendee Questions.

If you are not represented in this booth, you are not being represented to the 2.5 million attendees - can you really afford that?
Call Pam at 562-945-6469 to get your product in our booth any time during the fair.

Left: Offering attendees the opportunity to learn what 'Green' really is.

Right: Attendees stop and study our booth.

Left: The booth is staffed with volunteers to answer any questions.

Right: We are not at a loss of having people stop and visit our booth. Our 20' x20' booth offers the chance to learn without high pressure salespeople. Attendees actively lounge with us.

Below: Our giant chess set offers attendees to actively participate in our booth.

Above: Literature is available for attendees.
